Wallace Party In Convention

Nomination Whoopla Set for Ball Park

By JACK BELL CONVENTION HALL, Philadelphia, July 24-(AP)-Henry A. Wallace today becomes the presidential candidate of the Progressive party-and his supporters said U.S. voters have a choice between "Wallace and war."

With his acceptance speech tonight, the former vice president and cabinet member formally tosses his hat into 1948's biggest political race.

Wallace will be battling President Truman and Governor Thomas E. Dewey on a platform his keynote speaker told cheering, singing and booing delegates is "what the people demand, and what the people shall have."

Keynoter Charles P. Howard, and Windbrige, Pa., has been re- at Sgt. L. D. Conn of the Van Wert Iowa Negro editor, laid it on the quested by the Texas Easter line last night. He struck hard at both Republicans and Democrats, La. high prices, foreign policy, Con-

By JAMES MARLOW

WASHINGTON, July 24-(AP)-President Truman's No. 1 problem, when he faces the special session of Congress next week, is this: How to control prices and living costs? He wants power to do

that. But what kind of control can he ask of Congress? Last November, when prices weren't as hig as they are now,

he asked Congress for stand-by price control power. Which means power he could

use, if and when, he thought prices finally had climbed too high. Congress didn't give him the

Now, it seems, he thinks the time has passed for stand-by power and that prices need to be controlled right now

At least, that's what he said last month in a speech at Los Sunday to work on the Fair booth Angeles.

But the question, the terrific question, is: How can prices be controlled now? He could ask for either of these things:

1. Price control on just about everything, as in wartime. 2. Or, price control on a select-

ed list of key items in American living, like meat, dairy products, poultry, coal, steel. But if the government attempts

or some agency set up specially last longer. or agriculture departments.

But right here the problem gets fore cleaning. deeper and very tough for Mr.

That's not all.

For example: How could the terial sold for that purpose. government control meat pricesand still be fair to meat growers and packers—unless it also con- permitted steel prices to rise, the I was on a farm yesterday where trolled the price of the feed cat- steel producers could complain an electric fence was used to fence

When You Sell Your Crops . . .

I ou do more than sell bushels of grain, tons of hay, or bales of cotton. You are actually selling out of your farm land the fertility that it took to grow them.

Calcium and magnesium (lime) are two of the important plant-food elements that all crops feed on. Some are heavier feeders than others. Alfalfa requires a lot-the equivalent of 100 pounds of limestone in each ton of hay-so do clover and the other

Keep your farm productive and profitable by replacing what you take out of your soil.

We shall be pleased to supply the limestone for your entire farm or any part of it. Let us quote you.

Fayette Farm Service Your Puring Dealer

Drive past a playground in town while it's in session some day this summer. See the youngsters play games, yell and chase one another-and have a good time while doing it.

This is as it should be. Youth is effervescent. It must work off excess energy, and to do this it is well that they participate in activities that are not harmful.

"Activities that are not harmful" is probably a misleading phrase, however. The Washington C. H. recreation program is a positive, not a negative, one. The intention as voiced by Coach Fred Pierson, director, is to build up wholesome interest in athletic skills and to teach the hundreds of boys and girls who participate the real meaning of sportsmanship.

As far as organized athletes are concerned, the young boys must learn the meaning of sportsmanship for the days when they fall heir to the uniforms-and the honor-of the Blue Lion athletic teams. The girls must learn it in order to comprise a good, fair-minded rooting section.

But sportsmanship has its meaning in a much broader sense in every activity of life, personal and in business, after leaving school.

Not to be forgotten is the health aspect of athletics. Soundness of the body leads to alertness of the mind, two attributes which are needed to enjoy life to the fullest and to become assets to the community and na-

Now let's look at the so-called "negative" side of this program—the attempt to block juvenile delinquency.

Juvenile delinquency has its roots in back alleys, in gangs of children who get into mischief because there is nothing else

We'll take Coach Pierson's statement that organized recreation combats delinquency on its face value, and recommend to Wash-

ington C. H. parents that they allow their children to take full advantage of the summer playground program.

We wonder, too, if those two young men who terrorized Ohio during the past two weeks ever had the advantage of organized play during their formative years. Maybe a bit of baseball might have let them blow off some of that steam they aimed at society with such tragic results.

Congress And Politics

It is most unfortunate that a special session of Congress, which ordinarily is a matter of compelling importance, must be regarded as a partisan political arena. If there could otherwise have been any doubt on this score the president erased it by choosing to announce the call in his acceptance speech at the Democratic National Convention. His language left no legitimate question as to his intent.

A point which affects the conditions, but does not redeem them, is that some Republican leaders also had openly sought a special session this summer as a campaign

The session should have one refreshing aspect. Nobody will be fooling anybody.

A heat wave was lately added to the other troubles of the British. The thermometer went up to 77. Before Americans snicker at this, they should remember that everything is relative, and that some parts of the United States might find 77 hot. Not many years ago a San Francisco paper carried the headline, "San Francisco Sizzles at 75."

Another case is reported of embezzlement to obtain race track betting funds, this time involving \$657,000. It seems so wasteful to steal all that money just to throw it away on the nags.

Phils Beat Reds Without Trouble

Red Sox Tougher With Good Pitching

BY JACK HAND

(By the Associated Press)
Now that Joe McCarthy has ound some pitching, the Boston Red Sox look like the roughest club in the American League. It used to be an occasion for a

24-gun salute when a Sox hurler went the route. Now they go nine innings almost every day.

Ted Williams, who missed 15 games due to a torn rib cartilage, returned to the lineup yesterday and immediately made known his presence. He collected two hits, including a double with the bases full, to back up Micky Harris' five-hit job on Chicago for a rollicking \$3-1 romp.

This cleared the stage for the most important series of the year at Fenway Park as Cleveland comes in for a doubleheader today and a single tomorrow. It's possible for the Red Sox to take over first place before Monday's open date.

The Indians, buffeted by the Yanks in New York where they dropped two of three, were rained out of yesterday's scheduled stadium finale. Consequently they got to Boston with a half game lead on Philadelphia and 11/2 over the Sox.

Rain Helps Athletics

loss.

Rain helped the Athletics last night. They were trailing the St. Louis Browns 6-0 in the third inning when the game had to be postponed because of wet grounds and rain.

Detroit had a big inning at Washington, scoring seven in the fourth, to blast the Senators, 11-5. A triple by Pat Mullin, doubles by Jimmy Outlaw and George Kell and singles by Bob Swift, Johnny Lipon and Vic Wertz highlighted the attack that knocked out Mickey Haefner with his ninth

The National League battle tightened a bit as Brooklyn knocked off Pittsburgh, 4-3, while the Boston Braves were losing to St. Louis, 7-5. As a result, the Braves lead was clipped to 51/2 games.

Erv Palica, relieved by Hank Behrman in the eighth, assured the Brooks of their eighth victory in 10 starts since Burt Shotton replaced Leo Durocher as manager. The Cardinals knocked out

Johnny Sain, Boston's top winner, n a four-run third inning. They continued to blast Nels Potter for a total of 15 hits, including three each by Stan Musial, Enos Slaughter, Del Rice. Rookie Al 12 Under Par Dark accounted for four of the 12 hits off Al Brazle.

12, a fine five-hit shutout for New York over Chicago, 5-0. Johnny Mize's 23rd homer off Russ Meyer with Billy Rigney on

Polio Battle Will Continue, **Chapter Pledge**

Plans Are Made for Any Emergency Which May Strike in County

If polio strikes this summer in Fayette County, the county chapter of the National Foundation for Infantile Paralysis stands ready to do battle with the dread disease. Such was the statement Friday by Paul Van Voorhis, chapter chairman. Van Voorhis was reelected to his post this week at a

The meeting was highlighted by the making of plans to meet any to London, but this one was to the during the coming potential polio All other officers were reelected.
